Service News

In these strange and testing times we would like you to know that we are still 'here' or trying to be!

We will have at least 1 member of the Library Team on site in the library each working day the rest will be working remotely or may have been temporarily assigned to different departments.

As the majority of our resources are internet based we can still provide more or less the same service to you, albeit remotely.

Please view our website for any updates - <https://kghlibrary.koha-ptfs.co.uk/>

- For help with creating or accessing NHS OpenAthens account (*required to access any of the resources available to you*) please contact us at kgh-tr.library.index@nhs.net.
- Sourcing articles that you are unable to obtain using your NHS OpenAthens login on the Journals A-Z site - <https://journals.nice.org.uk/>
- Information searching – (literature searches using the full range of databases). Please either email your search requirements giving as much detail as possible or use our online request form - <https://www.surveymonkey.com/r/37WZ5HB>
- One to one virtual session for literature search help and essay support etc. Please contact m.theaker@nhs.net to arrange a suitable time and to discuss further.

- You can still call in to the library (*at any time if you have 24/7 access*) to use the facilities.
- Books can still be borrowed – please use the self-service computer (*opposite the enquiry desk*) if a member of staff is not available or you are using the service out-of-hours. Instructions are adhered to the desk. If you do not currently have library membership or have a problem with using the pc please complete a form on the clipboard, by the pc, leaving your full name and contact information - including phone and email.

Please note: -

- All items currently out on loan will be renewed beyond the current 12 week limit, unless a 'hold' has been placed on them by another member.
- If there is anything else you require help with please do not hesitate to contact us.

Please contact us with any queries via the library email - kgh-tr.library.index@nhs.net, *all library staff can access this email.*

We thank you for carrying on throughout these trying times and hope we can be of use to you 'remotely'.

Thank you for your understanding.

Resource News: -

Coronavirus links on our website: - <https://kghlibrary.koha-ptfs.co.uk/novel-coronavirus/> - including lists of resources for refreshing clinical skills

Cochrane – Special Collections - <https://www.cochranelibrary.com/special-collections>

New resource: GIDEON - *available until the end of April 2020*

WoltersKluwer have made their [GIDEON](#) resource available free of charge to the NHS until the end of April 2020.

GIDEON (Global Infectious Diseases and Epidemiology Online Network) covers all infectious diseases in every country. It is updated daily **with information on the latest outbreaks**, helping with diagnosing diseases and identifying organisms.

To access it, login to [Ovid](#) (with your NHS OpenAthens account), and you should see the link to GIDEON on the top tool bar (*may be under a tab titled Links*).

Book Clubs

Book Clubs will be held remotely during the current circumstances.

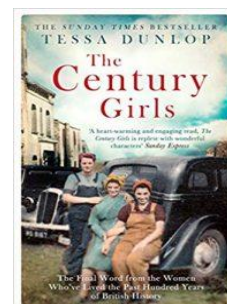

Please contact m.theaker@nhs.net for further information if you would like to become part of the General and Leadership book clubs.

Next **General Book Club** book to be discussed will be: -

‘The Century Girls’ by Tessa Dunlop.

In 2018 Britain celebrated the centenary of some women getting the vote. The intervening ten decades have witnessed staggering change, and *The Century Girls* features six women born in 1918 or before who haven't just witnessed that change, they've lived it. With stories that are intimately knitted into the history of the British Isles, this is a time-travel epic.

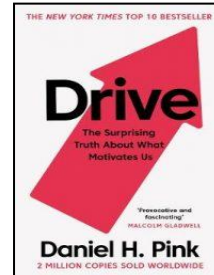

‘A delightful book . . . all about women and women's lives.’ Jane Garvey, Radio 4 Woman's Hour

Next **Leadership Book Club** book to be discussed will be: -

'Drive: the surprising truth about what motivates us by Daniel Pink

Forget everything you thought you knew about how to motivate people – at work, at school, at home. It is wrong. As Daniel H. Pink explains in his paradigm-shattering book Drive, the secret to high performance and satisfaction in today's world is the deeply human need to direct our own lives, to learn and create new things, and to do better by ourselves and the world. Along the way, he takes us to companies that are enlisting new approaches to motivation, and introduces us to the scientists and entrepreneurs who are pointing a bold way forward.

Training for Literature Searching & Critical Appraisal

Phone 01536 492862 or email m.theaker@nhs.net to discuss your requirements.
