## Diabetes – 4

As the number of affected people increases, diabetes is one of the fastest growing health concerns of our times and an urgent public health issue. For healthcare professionals the challenge is to deliver optimum care for patients and understand the complexity of the condition, whilst focussing on prevention. We have provided a list of relevant articles from MA Healthcare journals dealing with the condition, thereby providing your NHS staff with research, information and tips that will support both their work and their patients.

### British Journal of Community Nursing

- Diabetic leg and foot ulcers: how district nurses can promote wound healing through blood glucose control  
Published Online:7 Jun 2022  
<https://doi.org/10.12968/bjcn.2022.27.Sup6.S12>
- Hyperbaric oxygen therapy: when pressure is good for diabetic foot ulcers  
Published Online:11 Mar 2022  
<https://doi.org/10.12968/bjcn.2022.27.Sup3.S6>
