

MA Healthcare

Elderly Care

January 2023

With the UK's rapidly aging population, healthcare professionals in hospital and community settings are facing an increasing number of complex conditions relating to the health and care of elderly people, from dementia to falls and fractures. We have provided a list of relevant articles from MA Healthcare journals dealing with these areas, thereby providing your NHS staff with research, information and tips that will support both their work and the care of their patients.

British Journal of Cardiac Nursing

- Working with care homes: new initiatives for integrated care
Published Online:3 Jan 2023
<https://doi.org/10.12968/bjca.2022.0131>
