KETTERING & DISTRICT GENERAL HOSPITAL,

KETTERING.

FROM THE HOUSE SURGEON.

11th January 1924.

Dear Dr. Allison,

I should like to submit,
for your consideration, the following
suggestions in regard to the theatre
and anaesthetic room.

1. That one or both of the fixed
marble slabs in the theatre be
removed and the instrument cabinet
transferred from the anaesthetic room
to the theatre.
2. That swing doors be fitted
between the anaesthetic room and
the theatre.
