Health Inequalities

As the topic of health inequalities takes on greater focus, health professionals will need to become more aware of the complex needs of patients from minority groups, as well as those patients facing a variety of socio-economic and geographical disadvantages. We have provided a list of relevant articles from MA Healthcare journals dealing with this area, providing your staff with research, information and tips that will support both their work and the quality of care for all of their patients.

British Journal of Cardiac Nursing

- The power of the lived experience: improving awareness of cardiovascular care for minority ethnic service users
Published Online: 2 Feb 2023
<https://doi.org/10.12968/bjca.2023.0001>
