

Communication and Leadership Skills

As healthcare settings become ever more complex, effective communication and leadership skills increasingly underpin the success of NHS professionals, and allow for the improved experience of patients, their carers and other service users. We have provided a list of relevant articles from MA Healthcare journals dealing with this area, thereby providing your staff with research, information and tips that will further support their work and their care of their patients.

Communication Skills

British Journal of Cardiac Nursing

- Remote consultation: the new norm?
