## Advanced Clinical Practice

March 2022

This month's bulletin highlights articles from the British Journal of Nursing's series on Advanced Clinical Practice. The series is aimed at nurses who are practising at an advanced care level or who are taking the ACP course. The ACP series will cover a range of clinical disciplines from hepatology to end of life care. Articles will cover critical thinking and diagnostic reasoning as well as prescribing practice and consultation and clinical assessment. Also included below are some earlier articles relating to this topic.

All future articles will appear via the Current Issue homepage: <https://www.magonlinelibrary.com/toc/bjon/current>
